COVID-19 MESSAGE FROM CHAIR

As the British Columbia government moves into Phase 3 of its Restart Plan, the Health Professions Review Board's processes and timelines are returning to normal.

The Review Board recognizes that parties to reviews including applicants, complainants, colleges and registrants, represented or self-represented, may continue to be challenged to respond to Review Board process under normal timelines, and therefore need to request deadline extensions. Such applications will be considered on a case by case basis. The Review Board will give due consideration to special circumstances associated with any reasonable request for an extension of time as appropriate while this pandemic continues.

Those who wish to apply for a review are encouraged to do so electronically, to hprbinfo@gov.bc.ca. All parties with ongoing reviews are also encouraged to communicate with other parties and the Review Board electronically.

Please continue to monitor this website. In the event of service disruptions, an updated notice will be posted. Increasing risks of infection have the potential to impact staff availability, and to disrupt services the Review Board relies on.

David Hobbs, Chair
Health Professions Review Board
